Position of CFS	• According to CFIA, the affected products were imported products and were distributed in certain regions of Canada. There was no mention of distribution in other places. • The local trade has been alerted. • Acquisition of the products through online purchase or international travel cannot be excluded. • Consumers who are allergic to milk may develop hypersensitivity reactions, which can be life-threatening in severe cases, upon consumption of food containing milk. They are advised not to consume the product. • CFS will remain vigilant and monitor for any new development and take appropriate actions when necessary
