Position of CFS	<ul style="list-style-type: none"> According to FDA, the affected product is a product of China and has been distributed in certain regions of the U.S. Information on product distribution outside the U.S. is not available from the FDA website. The local trade has been alerted. Acquisition of the products through online purchase or international travel cannot be excluded. Consumers who are allergic to sulphites may develop hypersensitivity reactions, which can be life-threatening in severe cases, upon consumption of food containing sulphites. They are advised not to consume the products. CFS will remain vigilant and monitor for any new development and take appropriate actions when necessary
