| <p>Source</p> | <p>FSA website http://www.food.gov.uk/news-updates/news/2016/15475/suma-recalls-batches-of-sesame-seeds-and-organic-omega-mix-dueto-salmonella</p> |
| <p>Position of CFS</p> | <ul style="list-style-type: none"> • Information on product distribution outside the UK is not available from the FSA website. CFS is investigating whether the affected batches have been imported to Hong Kong and is contacting the UK authority for further information. Preliminary investigation so far does not identify local sale of the affected products. • Acquisition of the products through online purchase or international travel cannot be excluded. • Consumers should discard the products and not consume them. • CFS will remain vigilant and monitor for any new development and take appropriate actions when necessary. |

|-------------------------------|---|
| | <ul style="list-style-type: none">• Investigation by CFS is ongoing.• <i>Salmonella</i> infection may cause fever and gastrointestinal upset such as abdominal pain and diarrhea. People with lowered immunity such as infants and the elderly could present with more severe and even life-threatening infection. |
