<p>Heading</p>	<p>The US Food and Drug Administration (FDA) – A notice regarding a recall of Goat Milk Formula Recipe Kit in the US by Healthwest Minerals Inc. dba Mt Capra Products and warned consumers against the use of product as infant formula because the product does not provide sufficient nutrition.</p>
<p>The incident</p>	<p>The US FDA issued a notice regarding a recall of Goat Milk Formula Recipe Kit in the US by Healthwest Minerals Inc. dba Mt Capra Products and warned consumers against the use of product as infant formula because the product does not provide sufficient nutrition. The FDA is concerned that the formula does not meet all FDA requirements for infant formula, does not provide sufficient nutrition when used as an infant formula, and the storage instructions may be insufficient for the product. Infants consuming the recalled product without additional iron supplementation can develop iron deficiency anemia and feeding intolerance.</p> <p>Recalled product:</p> <ul style="list-style-type: none"> ■ Mt. Capra Goat Milk Formula Recipe Kit 10 lb 8 oz <ul style="list-style-type: none"> ● The product's case has one of the following affected lot codes, which is affixed to the case: 13150423, 13150723, 13151223, 13151323, 13151623, 13151823, 13151923, 13152123, 13152423, 13152523, 13152623, 13152823, 13153023, 13153123, 13153423, 13153523, 13153723, 13153923, 13154123, 13154423, 13154523, 13154723, 13154923, 13155023, 13155223, 13150124, 13150424, 13150624, 13150924, 13151024, 13151124, 13151224, 13151424, 13151624, 13151724, 13151824. <p>Details of product being recalled are listed in the website of the FDA.</p>
