Position of CFS	<ul style="list-style-type: none"> • The trade should stop using or selling the product concerned immediately should they possess it. • Consumers should discard the product and not consume it should they possess it. • CFS will remain vigilant and monitor for any new development and take appropriate actions when necessary. • Investigation by CFS is ongoing. • Norovirus, a virus smaller than bacteria, is a major cause of non- 																							

食物事故報表 Food Incident Post

	<p>bacterial food poisoning resulting in infectious gastro-intestinal diseases. Symptoms include nausea, vomiting, diarrhoea and abdominal cramps etc. Norovirus mainly exists in dirty water. Shellfish living in polluted waters or vegetables irrigated with water from polluted origins are easily contaminated.</p>
