Position of CFS	<ul style="list-style-type: none">• The Centre for Food Safety (CFS) is investigating whether the affected product has been imported to Hong Kong and is contacting the relevant authority for further information.• Acquisition of the product through online purchase or international travel cannot be excluded.• Consumers who are allergic to nuts (almonds) should discard the product and not consume it.• CFS will remain vigilant and monitor for any new development																				

食物事故報表 Food Incident Post

	<p>and take appropriate actions when necessary.</p> <ul style="list-style-type: none">• Investigation by CFS is ongoing.• People who are allergic to nuts (almonds) may have immunologic response like vomiting, diarrhoea and rash upon consumption of food containing this allergen. In severe cases, anaphylactic shock may even develop. As for other members of the public, generally speaking, they would not be subject to such reactions when the food in question is consumed.
