

# 食物事故報表 Food Incident Post

<b>Heading</b>	The Austrian Agency for Health and Food Safety issued a notice regarding rodenticide detected in HiPP baby food "Carrot and Potato 190g".
<b>The incident</b>	<p>According to the Austrian Agency for Health and Food Safety, as part of an investigation by the criminal investigation department, there are suspicions that some jars of the HiPP baby food product 'Carrot and Potato 190g' have been laced with rodenticide. A jar of HiPP baby food labelled 'Carrot with Potato 190 g' that was seized has tested positive for rodenticide.</p> <p>In the Czech Republic and Slovakia, jars of HiPP baby food that had apparently been tampered with were also seized and were found to contain rodenticide by the authorities.</p>
